

Dr Rory Care

Publications

Phase variation mediates reductions in expression of surface proteins during persistent meningococcal carriage.

Alamro M, Bidmos FA, Chan H, Oldfield NJ, Newton E, Bai X, Aidley J, Care R, Mattick C, Turner DP, Neal KR, Ala'aldeen DA, Feavers I, Borrow R, Bayliss CD. *Infect Immun*. 2014 Jun;82(6):2472-84

Description and nomenclature of *Neisseria meningitidis* capsule locus.

Harrison OB, Claus H, Jiang Y, Bennett JS, Bratcher HB, Jolley KA, Corton C, Care R, Poolman JT, Zollinger WD, Frasch CE, Stephens DS, Feavers I, Frosch M, Parkhill J, Vogel U, Quail MA, Bentley SD, Maiden MC. *Emerg Infect Dis*. 2013 Apr;19(4):566-73

History of meningococcal vaccines and their serological correlates of protection.

Vipond C, Care R, Feavers IM. *Vaccine*. 2012 May 30;30 Suppl 2:B10-7.

Establishment of a new human pneumococcal standard reference serum, 007sp.

Goldblatt D, Plikaytis BD, Akkoyunlu M, Antonello J, Ashton L, Blake M, Burton R, Care R, Durant N, Feavers I, Fernsten P, Fievet F, Giardina P, Jansen K, Katz L, Kierstead L, Lee L, Lin J, Maisonneuve J, Nahm MH, Raab J, Romero-Steiner S, Rose C, Schmidt D, Stapleton J, Carlone GM. *Clin Vaccine Immunol*. 2011 Oct;18(10):1728-36.

Immunogenicity and thermal stability of a combined vaccine against *Haemophilus influenzae* type b and *Neisseria meningitidis* serogroup C diseases. Saydam M, Burkin K, Care R, Rigsby P, Bolgiano B, Mawas F. *Vaccine*. 2010 Aug 31;28(38):6228-34.
